

Switches

A switch is when you redeem money from one of the McLean Budden Funds and use the proceeds to purchase another McLean Budden Fund within the same account. Before you request a switch you should be aware of the following:

1. A switch is considered a redemption of units for tax purposes for taxable accounts. The redemption of units in a Fund may result in the realization of a capital gain or loss in these types of accounts.
2. McLean Budden has the right to limit switches at any time without notice.
3. You may be required to pay a fee if units are switched within 90 days of purchase. The fee is 2%.
4. Each transaction is subject to a \$100 minimum.
